Masu Box

Traditional Design

Diagrams by Anna Kastlunger & Gerwin Sturm

1. Fold along the diagonal lines.
2. Unfold and fold again along the opposite diagonal lines.
3. Fold the corners to the center, creating a diamond shape.
4. Repeat steps 1-3 on the other side.
5. Fold the top and bottom layers down, aligning the edges.
6. Fold the sides inwards, creating a square base.
7. Fold the top edges down to meet the base, creating tabs.
8. Insert the tabs into the slits on the opposite side.
9. Repeat steps 7-8 on the other side.
10. Press the sides to form a box.
11. Adjust the top to ensure the box is square.
12. The box is complete.
